Resource sharing w/ community: **30%**¹

Partner Type ²	Number
Community-based organization	28
Academic	0
Health care	2
Government	3
Individual community member	1
Other/unknown	1
Total	35

FOCUS COMMUNITIES

Latino and Black communities
in metro Chicago area

Summary of Activities

COMMUNICATION & EDUCATION

Education

In-person events; provider website

Media

Local radio show

Virtual/social media

Social media posts actively promoting health and research on Instagram, Facebook, Twitter, and TikTok

Languages

English, Spanish

VACCINATIONS

- >5,000 vaccinations provided
- Vaccination events in partnership with community organizations
- Evaluation of multiple vaccination sites, referral approaches, and incentives

¹From Year 2 application budget narrative, actual allocation may be different. Defined as the percent of the project budget allocated to nonacademic organizations (excluding state government), community-based positions, community members, incentives for engagement (not data collection), or community-based resources such as office space, equipment, etc.

²This table represents only the contractual/paid partners of Chicagoland CEAL.

Summary of Activities

COMMUNITY EDUCATORS

- Community health worker (CHW) Core to support building the CHW workforce to support COVID-19 activities, research awareness and enrollment, and education
